

THE 3-PHASE SOLUTION

BEYOND THE EXPECTED

BEYOND EASY

No wiring between the individual modules required.
Simple plug & play.

BEYOND USUAL

Profit of a maximum discharge current of 30 A and enjoy maximum self-consumption.

BEYOND SERVICE

One manufacturer, one point of contact. Enjoy direct support for the whole solution.

DID YOU KNOW?

Starting from 3 modules you can connect up to 8 modules per battery. This way you can **go from 9.6 kWh up to 25.6 kWh**. For maximum flexibility, no matter what your customer's individual requirements may be.

The 3-phase Solution comes with an **energy meter** and **WiNet module**, enabling 10 sec. refresh live data monitoring.

BEYOND EFFORTLESS

With only 33 kg per module and the simple plug & play style, the installation can easily be realized by one person. The 3-phase Hybrid recognizes and sets-up the Battery automatically after installation.

BEYOND POWERFUL BACKUP

The most optimized residential backup experience, with advanced backup load management and seamless 20 ms switching time.

BEYOND SAFE

The Battery has been certified with the most updated safety standards like the strict VDE2510-50. Furthermore, it has been designed with multiple layers of redundant measurements for maximum safety.
